VOTER ENGAGEMENT AND IDENTIFICATION

- Voter contact continues to be an unmet need for AAPIs. In the 2016 Post-Election National Asian American Survey, 74% of Native Hawaiians & Pacific Islanders and 71% of Asian Americans across the country received no contact about the election, compared to 73% of Latinos, 58% of African Americans, and 56% of whites who were not contacted.

- Among Asian American registered voters that were contacted, 48% reported contact by the Democratic Party in the Fall 2016 National Asian American Survey, 16% by the Republican Party, and 35% by both parties.

- There is also a large opportunity for voter education through contact. In the same survey of registered voters, 41% of Asian Americans and 40% of Pacific Islanders did not declare an identification with either political party.

IMPORTANCE OF LANGUAGE ACCESS

- 78% of Asian Americans in Michigan speak a language other than English at home, and of those, more than 42% speak English less than “very well.”

- Turnout is 9% lower for Limited-English Proficient (LEP) than non-LEP registered voters according to the 2012 AAPI Post-Election Survey, and 63% say that Asian language support at polling places would be useful.

SOCIOECONOMIC CHALLENGES

- About 23,369 Asian Americans in Michigan (9%) lack health insurance.

- About 41,181 Asian Americans in Michigan (15%) live in poverty.

- About 490 NHPIs in Michigan (22%) live in poverty.
